#### Just Got Engaged!

**CHRIS H. (34 years old)** – I was apprehensive at first, but during my active membership I was able to meet many wonderful women who I would never have met otherwise. After 9 months, I was able to meet my life partner, a woman so incredible that people passing by would do a double-take! MIH did not disappoint me and provided me with a superior service, and I would definitely introduce MIH to my friends. I'm getting married in April.

**GREG W. (40 years old)** – When I saw the ad for MIH, I decided then that I would try their service for myself and see if it would help me establish a larger pool for dating. It's been 3 months and I've met many more women than I dated in the previous 3 years! With the use of MIH's unique personality analysis tests which create definite results, they have been introducing me to various women who meet my criteria. The staff at MIH is professional yet so friendly and cooperative. I highly recommend you try out MIH too.
